Our Goals

- Integrate intelligence to meet operational requirements
- Build a culture of sharing between the U.S. Intelligence Community and our customers
- Create new and sustain current responsible intelligence sharing practices with our international partners
- Advocate for and support implementation of common processes, tools, and resources
- Advance the credibility and integrity of the ODNI as an enduring national security institution

ODNI Mission

Lead Intelligence Integration

Forge an Intelligence Community that delivers the most insightful intelligence possible

ODNI Vision

A Nation made more secure because of a fully integrated Intelligence Community

**PARTNER
ENGAGEMENT**

Our Mission

Strengthen relationships inside the United States Intelligence Community and with other U.S. and international partners to protect our Nation

Our Commitment

- Serve as an advocate for customer requirements and outcomes
- Make responsible information sharing a routine part of our culture
- Develop, implement, and expedite interagency Intelligence Community solutions

Domestic

- **Facilitate integration between the Intelligence Community and Federal, State, Local, and Tribal Partners**
- **Promote communications and training to enhance mutual understanding between and among ODNI, the Intelligence Community, and Federal, State, Local, and Tribal Partners**
- **Implement and institutionalize the Domestic DNI Representative Program**
- **Develop and implement standardized processes for collaboration between the Intelligence Community and Federal, State, Local, and Tribal Partners**

International

- **Develop and implement an enterprise approach to foreign intelligence relationships, aimed at integrating and optimizing Intelligence Community engagement with foreign partners**
- **Support the overseas DNI Representatives through direct engagement that facilitate their leadership of the Intelligence Community team in the field**
- **Lead coordination of Intelligence Community sharing and foreign liaison issues through various DNI committees and forums**
- **Integrate and align key foreign intelligence relationships through the development of ODNI Partnership Plans, as a complement to the ODNI Unifying Intelligence Strategies**

Military

- **Identify emerging issues and forge solutions to ensure the fullest utilization of U.S. national intelligence capabilities in support of military operations**
- **Develop and sustain communications and collaborative networks between the Intelligence Community and U.S. Military organizations**
- **Lead, manage and oversee the DNI Representative program at military commands**
- **Foster quality Intelligence Community participation in the joint military education continuum, focusing on improving war fighter knowledge of national and allied intelligence capabilities**

Private Sector

- **Raise awareness of the importance of partnerships between the Intelligence Community and the private sector**
- **Facilitate the sharing of appropriate and relevant intelligence information to the private sector**
- **Improve and expand relationships with the private sector to build trust and leverage existing efforts for the Intelligence Community**
- **Maximize the use of private sector information and expertise to support intelligence missions while protecting privacy and civil liberties**
