"There is no killer app. Understanding the threats and the challenges that confront the United States is complex work," [Legere](#) explains. From the [Aspen Ideas Festival](#), the senior Army intelligence officer at the Pentagon outlines the opportunities and dangers new technologies pose in conflicts around the world. This video is part of a new series on the Atlantic Video channel, [The Future of X](#), looking at what's on the horizon for culture, technology, business, and politics.
