Dear Ms. Williams:

ODNI received a Freedom of Information Act (FOIA) request (Enclosure 1), in which we consulted with you on 5 documents (your case number CONF-0035-2014), and referred 3 documents for review and response to the requester. In the course of reviewing responsive documents, we have identified two additional documents which originated with your agency (Enclosure 2).

We are referring the two documents (total of 5 pages) to your agency for a direct response to the requester. We have reviewed the documents and found no ODNI equities.

Direct any questions regarding this case to [REDACTED]

Dear Ms. Hudson:

This is in response to your undated memorandum (enclosed at Tab A) in which you referred six documents for our review and response to you. Specifically, we refer to the 14 November 2013 Freedom of Information Act (FOIA) request of Heather Akers-Healy, submitted on behalf of MuckRock News, for documents tracking the number and/or severity of incidents attributed to Al-Qaeda in Iraq since 2004. Upon review, we determined that we received only five documents.

We determined that the CIA information in four documents must be denied in its entirety on the basis of FOIA exemptions (b)(1) and (b)(3). Exemption (b)(3) pertains to information exempt from disclosure by statute. The relevant statute is the Central Intelligence Agency Act of 1949, 50 U.S.C. § 403g, as amended, e.g., Section 6, which exempts from the disclosure requirement information pertaining to the organization, functions, including those related to the protection of intelligence sources and methods. Marked copies of the documents are enclosed at Tab B.

We responded directly to the requester on the remaining document. If you have questions, please call [REDACTED]

Sincerely,

Good Afternoon,

In response to DF-2014-00040 (Akers-Healy), NCTC defers to CIA and DIA on this request as they are the "owners" of most of the analysis attached. We further defer to CIA/DIA on releasing any data/products that may provide insight into their analytic methods. Additionally, much of the underlying information is based on unclassified and/or press reporting which is almost certainly already available to the requestor. Thank you.

Respectfully,

Senior review completed. Routing sheet and letters signed.

Nice job pulling it together and handling those missed documents. I made very minor edits to the verbiage and left in the appeal pitch.....even though we are not withholding anything of our own, the requester will need to write us to appeal since the docs are actually ours.

Sally—this is a 2-parter for your review: [S:\DNI\DIS\DMS\IMO\ZZ - Possible New Structure\MI-FOIA Branch\FOIA\FOIA Cases\2014\DF-2014-00040 \(Akers-Healy\)\Senior Review Package](#)

The case routing covers both parts (below)

Part 1—response to the requester (of 41 docs, 36 were referred to other agencies; remaining 5 are being DIF'd upon application of redactions)

Part 2 – referral of 2 docs that somehow missed getting sent to DIA when sent the others to them.

█ did a stellar job sleuthing through all this material and figuring out the status, and it is ready to stick a fork in it

☺ Thanks █

This is one of █ cases (sigh), it took me awhile to sort through, organize, decipher... There are a total of 41 docs: 30 were referred to CENTCOM, 1 referred to CIA, 3 referred to DIA, **5 consulted with CIA and DIA, and 2 were not processed**. It appears that we need to DIF the 5 docs that were consulted. The 2 docs that were not processed should've been referred to the DIA, but appears that they were not.

(b)(3)

Recommend DIFing the 5 docs that were consulted with the CIA and DIA, and referring the 2 docs to the DIA. Please see the doc inventory for details. Give me a shout if you have any questions. Thanks for the help.
