

OFFICE of the INSPECTOR GENERAL of the INTELLIGENCE COMMUNITY
NEWS RELEASE

**Office of the Inspector General of the Intelligence Community
Announces FY 2024 Independent Evaluation of the Office of the
Director of National Intelligence's Information Security Program
and Practices Required by the Federal Information Security
Modernization Act of 2014**

(February 2024) The Office of the Inspector General of the Intelligence Community (IC IG) recently announced that it will conduct a fiscal year (FY) 2024 independent evaluation of the Office of the Director of National Intelligence (ODNI) information security program and practices. Under 44 U.S.C. §§ 3551-3558 (commonly known as the Federal Information Security Modernization Act of 2014 or FISMA), each agency inspector general (IG), or an independent external auditor, must conduct an annual independent evaluation to determine the effectiveness of the information security program and practices of its respective agency.

The objective of the evaluation is to assess the effectiveness and maturity of ODNI's information security and practices. The evaluation will use the FY 2024 IG FISMA reporting metrics developed by the Office of Management and Budget, Department of Homeland Security, and the Council of the Inspectors General on Integrity and Efficiency. The IC IG contracted with an external firm to conduct the FY 2024 evaluation.
