

NATIONAL INSIDER THREAT TASK FORCE

INSIDER THREAT HUB OPERATIONS COURSE - 2026

This two-day course introduces the minimum standards for Executive Branch Insider Threat Programs that exercises basic functions of hub operations to deter, detect, and mitigate potential insider threats. Potential Risk Indicators (PRI's) will be examined, risk levels identified, as well as covering various mitigation recommendations using practical, scenario-based exercises designed to enhance the participants ability to perform case management capabilities. The class may include General Counsel, a Behavioral Specialist, and other specified insider threat professionals.

Target Audience: Federal Government employees (military, civilian, and contractors) who directly support Government Insider Threat Programs, and other multidisciplinary stakeholder positions. Registrants are limited to .gov or .mil email correspondence for distribution of materials for official use.

Method of Instruction: Microsoft Teams, In-Person (as indicated).

Course Length: 16 hours (two eight-hour days for virtual courses). All course times are Eastern Time.

Prerequisites: None required, however, attendees should have a foundational knowledge of insider threat hub operations. The following online training courses from the Center for Development of security Excellence (CDSE) are highly recommended prior to attending the course:

- [Insider Threat Awareness Course INT 101.16](#)
- [Insider Threat Mitigation Responses INT210.16](#)

The following CDSE courses are recommended for those aspiring to conduct independent training to their respective Insider Threat Programs. Training materials to include job aids, webinars, videos and other support tools are available below:

- [Establishing an Insider Threat Program for Your Organization INT122.16](#)
- [Developing a Multidisciplinary Insider Threat Capability INT201.16](#)
- [Preserving Investigative and Operational Viability in Insider Threat INT220.16](#)
- [Insider Threat Records Checks INT230.16](#)
- [Insider Threat Basic Hub Operations INT240.16](#)
- [Critical Thinking for Insider Threat Analysts INT250.16](#)
- [Insider Threat Privacy and Civil Liberties INT260.16](#)
- [Maximizing Organizational Trust INT270.16](#)
- [Cyber Insider Threat INT280.16](#)
- [Behavioral Science in Insider Threat INT290.16](#)
- [Continuous Monitoring Course CS200.16](#)
- [Counterintelligence Concerns for National Security Adjudicators CI020.16](#)
- [Unauthorized Disclosure \(UD\) of Classified Information and Controlled Unclassified Information \(CUI\) IF130.16](#)
