COURSE INFORMATION

This course introduces and exercises the basic functions of an insider threat program's centrally managed analysis and response capability (referred hereinafter as the "Hub") to gather, integrate, analyze, and respond to potential insider threat information derived from counterintelligence, security, information assurance, human resources, law enforcement, and other internal and external sources. This is a practical, scenario-based course designed to expose insider threat personnel to realistic events in the day-to-day operations of a Hub.

Target Audience: Those currently serving in or supporting an Insider Threat Hub. Contractors may attend with COR approval.

Method of Instruction: Microsoft Teams

Course Length: 16 hours over two or three days. All times are Eastern Time.

Attendees must have a foundational knowledge of insider threat hub operations; therefore, they must complete the following online training from Center for Development of Security Excellence (CDSE) *prior to attending the Hub Course.*
