

## Space-related IC PPTE Opportunities for Private Sector Employees

Along with private sector assignment opportunities for IC officers, the space focus area pilot now includes the initial set of IC-host opportunities for private sector employees. These assignments are designed to:

- Strengthen IC-private sector partnerships on critical national security space topics
- Expose participants to practices and missions not readily experienced through their current employment
- Bolster the development of new skillsets
- Accelerate personal and professional growth
- Increase the breadth and depth of space mission expertise
- Prepare participants for future space leadership roles

The following IC-host assignment opportunities are projected to open for private sector applicants in the coming weeks:

**DNI—Space Policy Analyst/Support to IC Space Executive**

**NGA—Commercial GEOINT Metrics Officer**

**NGA—Commercial GEOINT Market Research Officer**

**NSA—Space Subject Matter Expert/Trainer**

Please contact [IC\\_PPTE@odni.gov](mailto:IC_PPTE@odni.gov) for information about these opportunities.
