I think part of the twist here is that (b)(5) Is that right, Deirdre/Wally? (b)(5)

Totally agree with (b)(5). Apart from everything else (b)(5) Moreover the GT event should be focused on GT.

Hi all,

DNI has approved a 1400 rollout of the Russia unclass report on Monday, as you know. Given this list of press people who will be attending the GT event, which ends with a cocktail gathering that will take place after the release...[b](5)
Any guidance on this would be helpful. I don't want everyone hiding the bathroom at an event that is supposed to portray us as open! 😊

James, we are going to need a review of the unclass report prior to release. We are on a VERY tight deadline. Frankly, I don’t know how we are going to get this all done. Please give me a ring so we can coordinate the pre-pub on this.

Cheers!

Beth
