If the D/NCSC becomes aware of potential covered transactions not voluntarily notified to CFIUS, the D/NCSC shall provide such notification to CFIUS, the EFX, and the FBI. The D/NCSC shall share this information consistent with applicable laws, policies, and regulations.

4. (U) **Post-Review Support to CFIUS** — IC elements shall continue to support CFIUS-related processes following the completion of a review of a covered transaction, to include continued collection against relevant entities in the event of a mitigation agreement and DNI assessments of the operational impact on the IC of a covered transaction.

   b. (U) To the maximum extent practical, IC elements shall document, track, and share IC collection and analytic efforts related to CFIUS case transactions through secure databases, to include an ODNI-managed database for CFIUS-related intelligence, including all IC assessments for CFIUS.

7. (U) Workforce Recruitment, Development, and Retention

   a. (U) The heads of IC elements shall ensure the recruitment, development, and retention of intelligence professionals within the IC elements with the requisite competencies to effectively meet the IC’s obligations in supporting CFIUS threat analysis and collection.
