- A current Federal Government employee, selected for a detail, will be assigned to the position at his or her current grade and salary.

Component Mission

The Office of the Director of National Intelligence (ODNI) Deputy Director of National Intelligence for Intelligence Integration (DDNI/II) serves as the Director of National Intelligence's (DNI) senior leader for intelligence integration across the IC enterprise. DDNI/II is responsible for ensuring customer outcomes by leading advances in collection and analysis that ensure the quality, timeliness, and utility of insights for the nation's decision-makers. Additionally, DDNI/II is responsible for increasing expertise and improving tradecraft at all levels through specialization, integration, and collaboration. DDNI/II is responsible for the strategic vision, direction, and planning to deliver a more integrated IC reflecting the collective wisdom of our collection and analytic components to advance, in support of the National Intelligence Managers, the Unifying Intelligence Strategies (UIS).

Major Duties and Responsibilities (MDRs)

- Evaluate, integrate, review, and develop planning efforts for area of responsibility in coordination and collaboration with other U.S. Government agencies.
- Manage the Geospatial-Intelligence (GEOINT) portfolio, including a wide range of topics and issues spanning the GEOINT domain.
- Communicate GEOINT Functional Management strategy and community concerns to ODNI leadership. Provide ODNI insight and priorities to the National GEOINT Committee (GEOCOM) in accordance with ICD 113; prepare ODNI senior leadership for National Senior Management Council (NSMC) and GEOINT Operations Board (GOB). Ensure GEOCOM strategies align with IC guidance.
- Conduct in-depth assessments of GEOINT collection and analysis capabilities and provide expert counsel to Office of the Director of National Intelligence (ODNI) senior leadership and National Intelligence Managers (NIMs) and National Intelligence Collection Officers (NICOs) to support decision-making on collection enterprise issues.
- Develop new GEOINT system and associated Tasking, Collection, Processing, Exploitation and Dissemination (TCPED) requirements, represent National Intelligence Manager (NIM) requirements/needs through Intelligence Community Capability Requirements (ICCR) process, and follow parallel DoD Joint Capabilities Integration and Development System (JCIDS) process.
- Analyze, develop and provide mission impact to AP&F quarterly and monthly acquisition reviews. Advocate for adequate resources to develop and deliver ground processing capabilities supporting advanced analytics and automated collection.

- Analyze, develop and provide policy oversight for Commercial Remote Sensing (CRS) license reviews, conditions on commercial capabilities, and standards.
- Develop substantive inputs to the intelligence planning, programming, budgeting, and evaluation process in order to secure funding for GEOINT related collection capabilities.
- Act as liaison with ODNI elements and other agencies with responsibility for GEOINT collection to ensure alignment of programs, procedures, budgets, acquisitions, and guidelines.
- Advise Director for Mission Integration (DMI), Director for Mission Priorities, Analysis and Collection (MPAC), and Chief for Collection Integration Division (CID) leadership on GEOINT programs; serve as a subject matter expert for integrating GEOINT capabilities; and facilitate technical reach back to GEOINT organizations to support ODNI decisions.
- Lead the development of initiatives that will improve partnerships, promote best practices, and foster integration across the spectrum of intelligence disciplines.
- Support DMI initiatives to address cross-cutting enterprise challenges and mission management priorities which can leverage GEOINT capabilities.
- Support community decision-making forums for GEOINT collection issues to align collection capabilities against enduring and emerging national intelligence priorities, programs, and initiatives, ensuring coordination among the major collection disciplines.
- Brief senior ODNI leaders, IC members, policymakers, military decision makers, members of Congress, and other major stakeholders on GEOINT collection issues.

Mandatory and Educational Requirements

- Expert knowledge and experience with the breadth of GEOINT collection, GEOINT planning processes, critical analysis, and consensus building, as well as an understanding of how GEOINT integrates with other intelligence disciplines.
- Superior interpersonal, organizational, and problem-solving skills, including a demonstrated ability to work effectively both independently and in a team or collaborative environment.
- Superior ability to communicate complex information clearly, concisely, and in a manner that is targeted to and meets the needs of diverse audiences, to include senior-level policymakers.

Desired Requirements

- Superior ability to develop innovative and flexible solutions for complex cross-organizational issues, taking initiative and making key contributions to group efforts.
- Ten years of experience leading strategic planning, managing, and directing the successful efforts of a government or private organization or ten or more years of experience in GEOINT collection, collection management, requirements policy development and requirements management.

- Superior ability to plan and coordinate the integration of existing and emerging interagency capabilities to accomplish operational or strategic objectives.
