**Component Mission**

The Director of National Intelligence (DNI) serves as the head of the Intelligence Community (IC). The DNI also acts as the principal advisor to the President, the National Security Council, and the Homeland Security Council for Intelligence matters related to the national security; and oversees and directs the implementation of the National Intelligence Program. The DNI leads intelligence integration and forges an intelligence community that delivers the most insightful intelligence possible. The Intelligence Community (IC) Chief Information Office is responsible for advancing the Intelligence Community’s mission by driving secure collaboration, integration, and information sharing; identifying and addressing information enterprise risks; and providing strategic leadership and oversight of the Intelligence Community’s enterprise architecture and enterprise information technology.

**Major Duties and Responsibilities (MDRs)**

- Serve as Associate Team Lead for the IC CIO Five-Eyes Partnership Team, as well as, Five-Eyes CIO Forum Secretariat.

- Plan, develop, and implement programs, policies, and procedures that result in the effective sharing of information across the Government and Five-Eyes while protecting Intelligence and Law Enforcement sources and methods, operational equities, and U.S. persons’ privacy.

- Assess, identify, and evaluate the potential impact of obstacles to information flow across the Intelligence Community (IC) and Five-Eyes, work with policy analysts and IC partners to develop and implement policy and process improvements.

- Plan and support Five-Eyes CIO Forum meetings, directly supporting the CIO Forum and CSG Chairs (which may be 5-Eyes partners).

- Ensure full coordination of Five-Eyes activities with the appropriate US IC stakeholder communities to determine the US IC positions.

- Plan and direct the negotiation process for defining agreements with other IC and Government agencies, and our Five-Eyes partners, in support of information sharing; plan, develop, and write Memorandums of Understanding and/or the appropriate Five-Eyes agreements.
• Ensure the maximum exchange of information throughout the IC and to non-traditional customers by balancing the responsibility-to-provide principle with the need-to-know standard as defined by existing policies, laws, and regulations.

• Plan and direct the negotiation process for defining agreements with other IC and Government agencies in support of information sharing; plan, develop, and write Memorandums of Understanding establishing information sharing agreements with these components.

• Continually expand personal expertise with regard to the development and implementation of information sharing tools, technology, plans, and policies to facilitate the cooperation and effective coordination of the Office of the Director of National Intelligence (ODNI), the IC, other U.S. Government agencies.

• Plan, direct, and orchestrate inter-agency and cross-directorate collaboration on the development of internal information sharing policies, guidelines, and procedures, and/or broker information sharing agreements with external entities; evaluate and assess these efforts to ensure that they are successful.

• Plan, prepare, and present briefings, reports, and presentations to ODNI leadership, senior policymakers, IC members, and other intelligence consumers in a manner that meets their specified requirements.

Mandatory and Educational Requirements

• Demonstrated experience working with international partners, to include cultural awareness and diplomatic tact required to develop and maintain positive relations with our partners.

• Extensive knowledge of information sharing theory, policies, procedures, and technologies, as well as detailed knowledge of how to develop and facilitate the implementation of those mechanisms.

• Extensive knowledge of the mission, charter, roles, and responsibilities of the ODNI, IC, and U.S. Government agencies, and how these organizations can effectively cooperate in implementing information sharing plans and programs.

• Extensive experience in providing leadership, oversight, and guidance to the effective management of complex projects; in managing and mitigating risks, assessing customer requirements, identifying dependencies, and developing responsive project plans; in estimating costs and other resources using quantitative analysis to project requirements.

• Extensive ability to establish regular contact with high-level internal and external resources and have periodic contacts with other offices, supplying or seeking information on specialized and non-specialized matters; excellent use of tact when expressing ideas or opinions to senior leaders, customers, contractors, and other stakeholders.

Desired Requirements
Experience: Six years of experience leading strategic planning, managing, and directing the successful efforts of a government or private organization or nine or more years of experience in technical collection, collection system development, requirements policy development and requirements management.

Education: Degree in computer science, engineering, information science, information systems management, mathematics, operations research, statistics, or technology management or degree that provided a minimum 24 semester hours in one or more of the fields identified above and required the development or adaptation of applications, systems or networks.
