Position Information

This is an opportunity for:

- An internal candidate to fill a GS-15 cadre position.
- A Federal Government employee to serve on a two-year reimbursable detail assignment in the ODNI. The detail assignment may be extended an additional year if all parties agree.

Who May Apply

Current GS employees at the same grade as or one grade below than the advertised position grade may apply. Former members of the Peace Corps may be considered for ODNI employment only if five full years have elapsed since separation from the Peace Corps.

- For a cadre assignment:
  - Current ODNI permanent cadre.

- For a detailee assignment:
  - Current Federal Government employees. (Current GS employees at the same grade as or one grade below than the advertised position grade may apply.)
Salary Determination

- The ODNI uses a rank-in-person system in which rank is attached to the individual. A selected ODNI candidate or other Federal Government candidate will be assigned to the position at the employee's current GS grade and salary.
- A current Federal Government employee, selected for a detail, will be assigned to the position at his or her current grade and salary.

Component Mission
The Office of the Director of National Intelligence (ODNI) Deputy Director of Mission Integration (MI) serves as the Director of National Intelligence's (DNI) senior leader for intelligence integration across the IC enterprise. MI is responsible for ensuring customer outcomes by leading advances in collection and analysis that ensure the quality, timeliness, and utility of insights for the nation's decision-makers. Additionally, MI is responsible for increasing expertise and improving tradecraft at all levels through specialization, integration, and collaboration. MI is responsible for the strategic vision, direction, and planning to deliver a more integrated IC reflecting the collective wisdom of our collection and analytic components to advance, in support of the National Intelligence Managers, the Unifying Intelligence Strategies (UIS).

Major Duties and Responsibilities (MDRs)
- Lead and oversee the development and application of new or established analytical methods and tools within the component's area of focus, the Office of the Director of National Intelligence (ODNI), and across the Intelligence Community (IC) that add value, rigor, and precision to the organization's analysis and collection programs and activities.
- Conduct evaluation of IC finished intelligence analysis products using ICD 203 Analytic Standards, produce evaluation reports and studies, and, as needed, deliver training on the IC analytic standards and AIS evaluation techniques.
- Brief results in collaborative settings with a variety of stakeholder groups, including ODNI leadership, IC managers, analysts, training chiefs, evaluation staffs, and Congressional Oversight Committees, and develop effective ways to translate evaluation results and feedback into improved analytic product quality across the IC.
- Lead inter-agency teams of analytic experts to refine or develop analytic tradecraft guidelines, advance understanding and calibration among evaluation programs, and implement solutions to analytic tradecraft and practice challenges.
- Cultivate productive working relationships with IC element evaluation and tradecraft specialists, and with ODNI government staff and contractors.

Mandatory and Educational Requirements
- Expert knowledge of ICD 203 Analytic Standards and analytic tradecraft practices, analytic evaluation methods and tools, ability to plan and conduct complex methodological analyses, and ability to manage and assess complex datasets.
- Superior ability to represent AIS on sensitive or controversial interpretations of analytic findings or results, clearly present evaluation data and other analysis or methodological information in briefings or written products, objectively interpret complex, technical information, and effectively communicate with senior executives and other customers.
- Superior situational judgment and interpersonal and networking skills to work collaboratively and build strong relationships across occupations and organizational boundaries.
Desired Requirements

• A minimum of fifteen years of experience working as an analyst, a tradecraft specialist, analytic methodologist, analytic manager, or a combination of these positions, in one or more IC elements.

• Two or more years of experience performing analytic evaluation work.

• Contracting Officer Technical Representative Level 1 certification or the willingness to achieve it.
