Component Mission:
The Office of the Director of National Intelligence (ODNI), Chief Operating Officer (COO) has the responsibility and authority for supervising, coordinating, providing guidance, and administering the Director of National Intelligence's (DNI) direction to the ODNI, as well as providing guidance to the ODNI centers. This includes integrating and synchronizing policy, plans, positions, procedures, and cross-functional issues. The COO is responsible for synchronizing and integrating the ODNI staff to execute all missions and tasks designated by the DNI and the Principal Deputy Director of National Intelligence (PDDNI). In addition, the COO oversees the internal management of the ODNI.

Major Duties and Responsibilities:
• Perform day-to-day related program activities (continuity of operations, continuity of government, enduring constitutional government, emergency management, watch operations, capabilities integration, and/or test training and exercises) for PMR leadership and program managers.

• Research, maintain and develop applicable strategic and operational planning documents.

• Plan for and serve during deployments for National Security Emergencies, National Special Security Events, IC and ODNI national continuity alerts and activations, emergencies, incident management responses, exercises, and other national response and operations initiatives.

• Collaborate with IC partners to ensure that resources are properly arrayed to address continuity requirements identified in existing policy.

• Research, develop and write changes in policies and procedures to ensure appropriate information sharing with regard to continuity and emergency management related programs.

• Support the development of the annual “state of the mission” report.

• Plan, coordinate, and participate in internal and inter-agency committees, forums, educational classes, awareness campaigns and special events.

• Facilitate and instruct resiliency focused training topics.

• This position is subject to recall 24/7/365, operational shift work to conduct continuity and emergency management operations, which may require irregular work hours, work at locations other than the official duty station, and may include duties other than those specified in the employee’s official position description. Travel requirements in support of continuity and emergency management operations may be extensive in nature (weeks to months), with little advance notice, and may require employees to relocate to emergency sites with physically austere and operationally challenging conditions.

• Design, maintain and update databases and dashboards utilizing data analytic and visualization tools in support of diagnostic and predictive analytic efforts.

• Maintain productive working relationships with ODNI staff, other IC organizations, and private service providers in order to effectively respond to COOP issues, and coordinate strategic planning, best practices, lessons learned, programming, and policy issues.
Mandatory Requirements:

• Ability to identify needs and requirements, and develop processes improvements with recommendations for implementation.

• Knowledge of resiliency focused activities in continuity, risk, emergency management, watch operations, capabilities integration and/or test, training and exercise programs.

• Ability to communicate, both oral and in written, complex information in a clear, concise manner that is targeted to and meets the needs of diverse audiences with different perspectives and objectives.

• Willingness to become proficient in a broad range of resiliency focused knowledge, skills and abilities in continuity, risk, emergency management, watch operations and test, training and exercise.

• Ability to work effectively in a team or collaborative environment with a diverse group of people from different backgrounds, perspectives and skillsets.

• Willingness to be recalled around the clock for continuity and emergency management operations.

Desired Requirements:

• Two or more years of experience directly working on continuity, risk management, emergency management, watch operations, capabilities integration and/or test, training and exercise programs for a government or private organization;

• Experience working with IC elements in working groups, forums, task forces, etc.

• Experience working with TABLEAU and other data analytic/visualization tools; and

• Bachelor’s degree.
