

To the Generous Brother Abu 'Abdallah al-Hajj 'Uthman (may God bless you)

Peace be upon you, with God's mercy and blessings

I hope you, the brothers, families and children are doing well, and you are closer and closer to God...

So,

1. Your message that you sent to us with Shaykh Abu Muhammad and brother 'Abd-al-Latif has arrived. However, we could not open it and we think there was an error from your side at the time of sending it. Thus, we need for you to please to resend a copy of it, but first make sure it will open.

2. In regard to your previous suggestion to assign Shaykh Mahmud to do the suggested duties, this is good. However, his assignment should include the highest responsibility of messages that are coming from Shaykh Abu Muhammad for a year (Hijri year). Also add one more task to Shaykh Mahmud's duties. He needs to be one of the spokesmen for the organization. He also needs to be in charge of the preaching, provoking Jihad and supporting the Mujahidin in hotspots such as Palestine, Iraq, Afghanistan, Somalia and the Islamic Maghreb. Also he should support the Islamic State of Iraq and defend it from any disapproval and rumors. He also needs to respond to the front of betrayals, frustrations and inconsistencies led by Salman al-'Awdah and anyone who is similar to him. His answers should be tranquil not instigating, educated and objective according to the Shari'ah principles. His responses should address only the people that he selects, because many government spokesmen are unstable and he needs to ignore them. It is better if he comments on what Saudi 'Arabia channels have been circulating, incorrect news that stated al-Qa'ida has links to Iran. He also needs to take the first opportunity and talk about both magnificent Shaykhs Abu 'Ubaydah al-Banshiri and Abu Hafs al-Masri (may God have mercy on them), and their rules in Jihad and their rank among the Mujahidin. He should respond to any unfair nonsense criticism against them, this disapproval that has been repeating over and over by 'Abdallah Anas and his son-in-law.

3. In regard to your advice to assign Sa'dun to do some accounting duties, this is good.

4. In regard to assign Shaykh Abu Layth based on Shaykh Abu Muhammad's recommendation, this is good too.

5. In regard to Yasir's bail, you (nfi) did not sponsor him, which is fine.

6. In regard to the messages that are directed to the Emirs of al-Qa'ida in countries and regions, these messages need to be signed by me or Shaykh Abu Muhammad. I informed you, and God is my witness.

7. In regard to the delegate that visited you and delivered to you a message, they claimed that message was from our friend, then you received something of suspicious accuracy. I am saying to you, it is very important to find out the truth of that delegate and deal with them based on your finding. I am not going to hide it from you, the majority of the delegates are following same path of that man (nfi) who surrendered our brother Sharif (may God send him free). You need to mention this when you start dealing with them, because it is vital, and these people have no shame in allowing the apostate state intelligence to lead them. The point is, these people are satisfied performing this religion based on what the idol allows them to do. They abandoned this religion; this religion as a whole belongs to God Almighty. Because of them, there is a real threat against the establishment of the Islamic Emirate, and their desire to withdraw from it, and you need to be careful of them. Therefore, every demand will delay and weaken the appointed Jihad. You have to reject it and excuse yourself from it, and they must keep in mind that they have no right to give any promises for the state that involve war against Muslims on their behalf. Otherwise, it will be a succession run by the intelligence, and do not disclose your secrets to them. When you sit with them, I need you to mention to them that God sets Sahib Sharif free. America will target us everywhere in this life and our position is to defend ourselves and religion. We are with anyone who is interested in Jihad or making peace according to Shari'ah principles.

- In regard to the message suggesting that the fight between Sunni and Shia should stop, we should explain the matter to our friend, because it is based on deception and sophisms. They are

the ones who ignited this war and insist to keep it going. It is in their hands; they could make it calm, but their goal is to control the Islamic world, from Iraq to the Arabian Peninsula.

8. I need you please to take the amount of 10,000 dollars out from my account and put it in the Mujahidin's balance.

9. I have recently received the amount of 12,000 euro designated for the Mujahidin. Please take this amount from my account that is in your side and put in the Mujahidin's balance. I need you to inform me of this in your next message, so this amount will be accounted for by the designated people. Also I need you please to take out amount of fifteen thousand Kaldars (TN: rupees) from my account for the Mujahidin to purchase three sheep, unless you need the money for something more important.

10. 35,000 euro has arrived from your side, with the message that we could not open, may God reward you with good deed, and please send the rest.

11. I attached a message to brother Bakr, it is important, and I need you please to work together with brother 'Abd-al-Latif to deliver the message to him.

In the end, may God be with you and peace be upon you, with God's mercy and blessings
