

[The front's proposal to meet with Shaykh Abu Yahya]

- This is a message from Abu Yahya to you regarding your proposal to meet with him, because I repeated your request to him some time ago and I received the answer several days ago. Here is the text of his words:

"With regard to the matter of holding a meeting with the front, I fear what they fear that I will promise them something and then I will not be able to fulfill it out of necessity, especially with the escalation [he means the escalation of the situation with the Pakistanis], may God disfigure them and increase the encroachments upon them. And it is obvious to you that something like this is meant to be portrayed as something bad with our brothers in the media, and I cannot bear that. Therefore, it was recommended, and I consulted some who are close who are advising, that I send them a message in this regard stating that the time and the activities and the circumstances do not permit holding a lengthy and elaborate meeting. The compromise solution to this is for the brothers in the front to write the 20 questions they think are important. [They should] write them in the order of importance and then send them. I will then choose ten or fifteen questions from them according to energy and capacity, whereby the time for the response will be a month, if the circumstances allow for an answer. Otherwise, if I am unable to do this for any reason, tell them in a message that I was unable to hold the meeting. And this all is to be without a declaration or announcement or publicity, unless the meeting is held completely with them and occurs among them, whether or not it is written or photographed, based on the circumstances. If it is in this state, I have sought guidance from God about it, and maybe you can tell them about it and we will wait for their answer and opinion about that. May God reward you well."

I think the idea is clear..  
And his warning about no announcements and publicity is clear.

Peace be upon you.

An idea

It is that I want one of the brothers to send us his recollections, once a month, for example.

I mean a regular Mujahid.

He should send his recollections of the fronts and the training and the lessons - the beneficial ones and the other ones.

Of course, this is after presenting them before the leaders so they can decide what is to be deleted and what is to be published...

For, this would have an excellent effect, by God.

And if only there could be the same thing from the foreign mujahidin, meaning, for example, our brother Abu Yunis writing his recollections in German and sending them to us and we review them linguistically and publish them.

The same thing with regard to the brothers who are proficient in other languages, such as English and French.

By God, this would have a great effect on the spirits of the brothers and would move them a lot toward jihad.

Also, if the circumstances allow, we could have a written meeting with any Mujahid

under the title "A Meeting with A Mujahid."

I mean there are a lot of ideas available, and you can recommend similar ones.

What I am saying is that we want to connect the spirits of the idle ones to jihad and the love of martyrdom and going into battle for God's sake.

I remember reading things like this in the al-Banyan al-Marsus and al-Mujahid and al-Murabitun and other magazines, for they are beneficial and good and have an excellent effect.

Also, if only one of the brothers would begin to write about the martyrs such as the brothers in the country, and publicizing the martyrs, this would be excellent.

Also, if Shaykh Abu Yahya and the other poet brothers would send us their poetry.

We want to develop the jihadi media, and we want to connect people with the mujahidin, for they are waiting for their stories and they relate to them, for they have an excellent effect on Muslims and enrage the enemies of the Faith.

Also, we want interest in the Muslim woman

We want a meeting with a mother of a martyr, a wife of a Mujahid a woman seeking martyrdom, a daughter of a prisoner, or a wife, etc.

I mean, in this area it would be excellent.
