This graphic displays increasing levels of conflict from non-violent to strategic weapons.

**NON-KINETIC**
- Information operations
- Cyber operations (non-critical infrastructure)
- Economic coercion
- Exercises/tests
- Blackmail/bribery
- Intelligence collection

**HYBRID / INTERMEDIATE**
- Irregular forces (insurgents, proxies, terrorists, private military companies, maritime militia)
- Kinetic sabotage
- Cyber attacks (some critical infrastructure)
- Electromagnetic spectrum interference
- Assassination

**CONVENTIONAL / STRATEGIC**
- Regular forces
- Embargo/blockade
- Attributable weapons platforms
- Catastrophic cyber attacks (i.e. crippling strategic command and control, financial systems, etc.)
- Nuclear weapons and other WMD
